Account Management

Experienced Traffic & Account Coordinator with a demonstrated history of working in a Corporate Sales and Marketing environment. Strong multi-media and communications professional with a Bachelor of Science (BS) focused in Sport and Fitness Administration/Management from University of Kansas. I believe that skill can be taught but passion for the role cannot. If given the opportunity, I'm willing to dive head first into the position, putting in the work that will present me as the long term fit you seek.

## Coding Bootcamp Projects

jQuery Game - created a fun and interactive game for web browsers that dynamically updates your HTML pages with the jQuery library.

Trivia Game - created a trivia game using JavaScript for the logic and jQuery to manipulate HTML.

Group Project #1 - created an app that called two different API's to translate famous quotes or movie quotes into how Yoda would say them.

Node Application - command line node app that takes in parameters and gives you back data. Specifically, Twitter, Spotify and OMDb Movie data.

Group Project #2 - Created a fullstack web application to manage a soccer league with schedule, results and team information.
